## **DETAILED ACTION**

### ***Response to Amendment***

1. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

### ***Response to Arguments***

2. Applicant's arguments filed 8/2/2005, with respect to claim 21 have been fully considered and are persuasive. Since Lin is commonly owned and does not apply as prior art, the rejection of claim 21 has been withdrawn. This places the application in condition for allowance.

### ***Allowable Subject Matter***

3. Claims 17-27 are allowed. Claims renumbered 1-11.
4. The following is an examiner's statement of reasons for allowance:

In claim 21, Lambropoulos in view of Issa do not disclose "a vehicle-based transceiver that further includes a vehicle-based transmitter for transmitting a feedback signal, the portable transmitter being part of a portable transceiver that includes a receiver portion for receiving the feedback signal, the portable transceiver further including a display for indicating receipt of the feedback signal" in combination with

other elements in the claim (see Figure 1). Claims 17-20 and 22-27 are dependent on claim 21.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
